NZX Announcement For Immediate Release

Tourism Holdings Limited (thl) - Christchurch Earthquake

Christchurch has been struck by a significant Earthquake today, causing damage to the buildings in and around the city.

The Christchurch **thl** rentals branch is now closed today and tomorrow, Wednesday 23 February as we assess the damage.

We have positioned some crew on site during normal business hours who are dealing with customers as they arrive at the depot to return or pick up a vehicle.

Those dropping off today are being contacted by phone and where possible being offered to retain the vehicle if no accommodation is available and the Airport remains closed.

Our reservations crew are contacting clients scheduled to pick up or drop off over the next two days and assisting them with their travel arrangements.

Kiwi Experience inbound passengers to Christchurch over the next two days today are being accommodated outside of Christchurch.

Passengers due to start their journey tomorrow from Christchurch are being contacted to defer their start date.

We extend our support and sympathy to the many that have been affected by this earthquake and are working with our own crew, some who have suffered significant losses.

We will provide a further update during the day tomorrow New Zealand time.
